

# CAR OF THE QUARTER . . .

1968 Plymouth Fury III ..... by Jeff Kline

---

---

An original 30,000 miles C-body, 383 Commando V8 with all the bells and whistles. I am only the 3rd owner of a car that has spent much of its life garaged or in the back of a shop.

I have only updated tires, rims and exhaust for a muscle car feel and have all original equipment, including skirts put away.

Not a burner off the line but is a total cruiser that holds 6 comfortably and 8 in the trunk.
